Abstract—These instructions give you basic guidelines for preparing papers for PSIVT workshop: International Workshop on Computer Vision and Its Application to Image Media Processing (WCVIM).

I. INSTRUCTIONS

To ensure an overall homogeneity of the proceedings, authors must follow the following instructions for manuscript preparation:

- 1) Papers must be written in English.
- 2) A page limit of 8 pages is required for submission.
- 3) Papers must be prepared on A4 size papers with 25 mm margins on the top, 35 mm margins on the bottom, and 15mm margins on left and right sides.
- 4) Papers must be printed in **double** column format and space between columns 5 mm, single-spaced in Times or similar type style, 10pt or larger.
- 5) Papers must not include page numbers.
- 6) Please indicate title, author's name(s), affiliation(s) at the top of the first page in **single** column format.
- 7) All text, figures, captions and references must be clean, sharp, and readable and have high contrast.
- 8) Ensure, that all required fonts are embedded and subsetted in your PDF document. Otherwise some characters might not be displayed correctly.
- 9) Do not include page headings and page numbers in your paper.
- 10) Color papers are welcome.
- 11) Attached files (ex. movies, high resolution images) are welcome.

II. PAPER SUBMISSION

All papers (and attached files) have to be sent to “wcvim-submit@isit.or.jp” as PDF document. Deadline for submission of the paper is 10th Dec, 2008.
